

LIFE IS PRECIOUS EVERY SECOND COUNTS

**FILE OF
LIFE**

The **FILE OF LIFE** is a mini-medical history posted on the outside of one's refrigerator and/or personally carried in a wallet or purse.

The **FILE OF LIFE** card enables medics to obtain a quick medical history when the patient is unable to offer one. The card, which is kept in a red plastic pocket labeled **FILE OF LIFE**, lists the patient's name, emergency medical contacts, insurance policy and social security numbers, health problems, medications, dosages, allergies, recent surgeries, religion, doctor's name and a health care proxy. The entire pocket is held, with a magnet, to the outside of the refrigerator.
